1. In a note received on this date SMASH has informed us through SW USE that there have been some further developments in the Danbara affair. These developments have taken the form of a press campaign described in the enclosure marked Appendix A.

2. SMASH has commented that the document mentioned in paragraph 3 of Appendix A has been traced and a translation of it is attached as Appendix B. JAVELIN have established that it was indeed brought out by Boris, recently exfiltrated from the Ukraine, who cannot, however, throw any light on its origin or significance. JAVELIN are inclined to question its genuineness and would appreciate RUEADA comments.
